## HISTORY

**ZeteScouts** was created by the Case Western Reserve University Chapter of Zeta Psi Fraternity. The brothers developed a supporting relationship with local troops as merit badge counselors, skill instructors, and mentors.

Zeta Psi International recognized the merits of the initiative, and soon developed a national ZeteScouts program. This included an agreement between the Boy Scouts of America and Zete Kids USA, an international philanthropic foundation created by the Zeta Psi International in 2002. The ZeteScouts program encompasses a significant portion of the overall charitable efforts of Zete Kids USA. The Boy Scouts of America and Zeta Psi are committed to giving young people an opportunity to join Scouting, regardless of their circumstances, neighborhood, or ethnic background.

Since its creation, Zeta Psi chapters and the 35,000+ alumni across the nation have been encouraged to join the ZeteScouts initiative to help our local communities and future leaders.
